

## The Good Haus | 966 S. High Street

The Good Haus is a mission-driven property being repurposed as a space for one or more nonprofit organizations.

### SPACE AVAILABLE

FOR A NONPROFIT ORGANIZATION **LATE SUMMER 2020**

Using real estate as a catalyst for social change, The Jefferson Avenue Center revitalizes properties and neighborhoods through the redevelopment of neglected historic buildings and underutilized land.

We are working to increase the capacity and effectiveness of the nonprofit sector by developing vibrant, affordable spaces, none more exciting than this storied building.

966 S. High Street, constructed circa 1890, is a handsome structure with significant curb "presence." The 10,500 gross square feet are perfect for creative, interactive design.

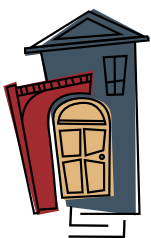

This project will feature:

- State of the art efficient energy systems
- Maximum space efficiency
- Input in design process
- Downtown location without the hassles
- Plentiful parking
- Flexibility at the end of the lease
